### Subpart M—Monterey Bay National Marine Sanctuary

#### § 922.130 Boundary.

(a) The Monterey Bay National Marine Sanctuary (Sanctuary) consists of an area of approximately 4,024 square nautical miles of coastal and ocean waters, and the submerged lands thereunder, in and surrounding Monterey Bay, off the central coast of California.

(b) The northern terminus of the boundary is located along the southern boundary of the Gulf of the Farallones National Marine Sanctuary (GFNMS) and runs westward to approximately 123°07'W. The boundary then extends south in an arc which generally follows the 500 fathom isobath. At approximately 37°03'N, the boundary arcs south to 122°25'W, 36°10'N, due west of Partington Point. The boundary again follows the 500 fathom isobath south to 121°41'W, 35°33'N, due west of Cambria. The boundary then extends shoreward towards the mean high-water line. The landward boundary is defined by the mean high-water line between the GFNMS and Cambria, exclusive of a small area off the north coast of San Mateo County and the City and County of San Francisco between Point Bonita and Point San Pedro. Pillar Point, Santa Cruz, Moss Landing and Monterey harbors are excluded from the Sanctuary boundary shoreward from their respective International Collision at Sea regulation (Colreg.) demarcation lines except for Moss Landing Harbor, where all of Elkhorn Slough east of the Highway One bridge is included within the Sanctuary boundary. The boundary coordinates are listed in appendix A to this subpart.

#### § 922.131 Definitions.

In addition to those definitions found at § 922.3, the following definitions apply to this subpart:

*Attract* or *attracting* means the conduct of any activity that lures or may lure white sharks by using food, bait, chum, dyes, acoustics or any other means, except the mere presence of human beings (e.g., swimmers, divers, boaters, kayakers, surfers).

*Federal Project* means any water resources development project conducted by the U.S. Army Corps of Engineers or operating under a permit or other authorization issued by the Corps of Engineers and authorized by Federal law.

*Hand tool* means a hand-held implement, utilized for the collection of jade pursuant to § 922.132(a)(1), that is no greater than 36 inches in length and has no moving parts (e.g., dive knife, pry bar or abalone iron). Pneumatic, mechanical, electrical, hydraulic or explosive tools are, therefore, examples of what does not meet this definition.

*Motorized personal water craft* means any motorized vessel that is less than fifteen feet in length as manufactured, is capable of exceeding a speed of fifteen knots, and has the capacity to carry not more than the operator and one other person while in operation. The term includes, but is not limited to, jet skis, wet bikes, surf jets, miniature speed boats, air boats, and hovercraft.

[60 FR 66877, Dec. 27, 1995, as amended at 61 FR 66917, Dec. 19, 1996; 63 FR 15087, Mar. 30, 1998]

#### § 922.132 Prohibited or otherwise regulated activities.

(a) Except as specified in paragraphs (b) through (f) of this section, the following activities are prohibited and thus are unlawful for any person to conduct or to cause to be conducted:

(1) Exploring for, developing or producing oil, gas or minerals within the Sanctuary except: jade may be collected (meaning removed) from the area bounded by the 35°55'20" N latitude parallel (coastal reference point: beach access stairway at south Sand Dollar Beach), the 35°53'20" N latitude parallel (coastal reference point: westernmost

tip of Cape San Martin), and from the mean high tide line seaward to the 90-foot isobath (depth line) (the “authorized area”) *provided that*:

(i) Only jade already loose from the seabed may be collected;

(ii) No tool may be used to collect jade except:

(A) A hand tool (as defined in §922.131) to maneuver or lift the jade or scratch the surface of a stone as necessary to determine if it is jade;

(B) A lift bag or multiple lift bags with a combined lift capacity of no more than two hundred pounds; or

(C) A vessel (except for motorized personal watercraft) (see paragraph (a)(7) of this section) to provide access to the authorized area;

(iii) Each person may collect only what that person individually carries; and

(iv) For any loose piece of jade that cannot be collected under paragraphs (a)(1) (ii) and (iii) of this section, any person may apply for a permit to collect such a loose piece by following the procedures in §922.133.

(2)(i) Discharging or depositing, from within the boundary of the Sanctuary, any material or other matter except:

(A) Fish, fish parts, chumming materials or bait used in or resulting from traditional fishing operations in the Sanctuary;

(B) Biodegradable effluent incidental to vessel use and generated by marine sanitation devices approved in accordance with section 312 of the Federal Water Pollution Control Act, as amended, (FWPCA), 33 U.S.C. 1322 *et seq.*;

(C) Water generated by routine vessel operations (e.g., cooling water, deck wash down and graywater as defined by section 312 of the FWPCA) excluding oily wastes from bilge pumping;

(D) Engine exhaust; or

(E) Dredged material deposited at disposal sites authorized by the U.S. Environmental Protection Agency (EPA) (in consultation with the U.S. Army Corps of Engineers (COE)) prior to the effective date of Sanctuary designation (January 1, 1993), provided that the activity is pursuant to, and complies with the terms and conditions of, a valid Federal permit or approval existing on January 1, 1993.

(ii) Discharging or depositing, from beyond the boundary of the Sanctuary, any material or other matter that subsequently enters the Sanctuary and injures a Sanctuary resource or quality, except those listed in paragraphs (a)(2)(i) (A) through (D) of this section and dredged material deposited at the authorized disposal sites described in appendix B to this subpart, provided that the dredged material disposal is pursuant to, and complies with the terms and conditions of, a valid Federal permit or approval.

(3) Moving, removing or injuring, or attempting to move, remove or injure, a Sanctuary historical resource. This prohibition does not apply to moving, removing or injury resulting incidentally from kelp harvesting, aquaculture or traditional fishing operations.

(4) Drilling into, dredging or otherwise altering the seabed of the Sanctuary; or constructing, placing or abandoning any structure, material or other matter on the seabed of the Sanctuary except as an incidental result of:

(i) Anchoring vessels;

(ii) Aquaculture, kelp harvesting or traditional fishing operations;

(iii) Installation of navigation aids;

(iv) Harbor maintenance in the areas necessarily associated with Federal Projects in existence on January 1, 1993, including dredging of entrance channels and repair, replacement or rehabilitation of breakwaters and jetties;

(v) Construction, repair, replacement or rehabilitation of docks or piers; or

(vi) Collection of jade pursuant to paragraph (a)(1) of this section, provided that there is no constructing, placing, or abandoning any structure, material, or other matter on the seabed of the Sanctuary.

(5) Taking any marine mammal, sea turtle or seabird in or above the Sanctuary, except as permitted by regulations, as amended, promulgated under the Marine Mammal Protection Act, as amended, (MMPA), 16 U.S.C. 1361 *et seq.*, the Endangered Species Act, as amended, (ESA), 16 U.S.C. 1531 *et seq.*, and the Migratory Bird Treaty Act, as amended, (MBTA), 16 U.S.C. 703 *et seq.*

(6) Flying motorized aircraft, except as necessary for valid law enforcement

purposes, at less than 1000 feet above any of the four zones within the Sanctuary described in appendix C to this subpart.

(7) Operating motorized personal water craft within the Sanctuary except within the four designated zones and access routes within the Sanctuary described in appendix D to this subpart.

(8) Possessing within the Sanctuary (regardless of where taken, moved or removed from), except as necessary for valid law enforcement purposes, any historical resource, or any marine mammal, sea turtle or seabird taken in violation of regulations, as amended, promulgated under the MMPA, ESA or MBTA.

(9) Interfering with, obstructing, delaying or preventing an investigation, search, seizure or disposition of seized property in connection with enforcement of the Act or any regulation or permit issued under the Act.

(10) Attracting any white shark in that part of the Sanctuary out to the seaward limit of State waters. For the purposes of this prohibition, the seaward limit of State waters is a line three nautical miles distant from the coastline of the State, where the coastline is the line of ordinary low water along the portion of the coast in direct contact with the open sea. The coastline for Monterey Bay, which is inland waters, is the straight line marking the seaward limit of the Bay, determined by connecting the following two points: 36°57'6" N, 122°01'45" W and 36°38'16" N, 121°56'3" W.

(b) The prohibitions in paragraphs (a)(2) through (9) of this section do not apply to activities necessary to respond to emergencies threatening life, property or the environment.

(c)(1) All Department of Defense activities shall be carried out in a manner that avoids to the maximum extent practicable any adverse impacts on Sanctuary resources and qualities. The prohibitions in paragraphs (a) (2) through (9) of this section do not apply to existing military activities carried out by the Department of Defense, as specifically identified in the Final environmental Impact Statement and Management Plan for the Proposed Monterey Bay National Marine Sanc-

tuary (NOAA, 1992). (Copies of the FEIS/MP are available from the Monterey Bay National Marine Sanctuary, 299 Foam Street, Suite D, Monterey, CA 93940). New activities may be exempted from the prohibitions in paragraphs (a) (2) through (9) of this section by the Director after consultation between the Director and the Department of Defense.

(2) In the event of threatened or actual destruction of, loss of, or injury to a Sanctuary resource or quality resulting from an untoward incident, including but not limited to spills and groundings, caused by the Department of Defense, the cognizant component shall promptly coordinate with the Director for the purpose of taking appropriate actions to respond to and mitigate the harm and, if possible, restore or replace the Sanctuary resource or quality.

(d) The prohibitions in paragraph (a)(1) of this section as it pertains to jade collection in the Sanctuary, paragraphs (a) (2) and (8) of this section, and paragraph (a)(10) of this section do not apply to any activity executed in accordance with the scope, purpose, terms and conditions of a National Marine Sanctuary permit issued pursuant to §§922.48 and 922.133 or a Special Use permit issued pursuant to section 310 of the Act.

(e) The prohibitions in paragraphs (a) (2) through (8) of this section do not apply to any activity authorized by any lease, permit, license, approval or other authorization issued after January 1, 1993 and issued by any Federal, State or local authority of competent jurisdiction, provided that the applicant complies with §922.49, the Director notifies the applicant and authorizing agency that he or she does not object to issuance of the authorization, and the applicant complies with any terms and conditions the Director deems necessary to protect Sanctuary resources and qualities. Amendments, renewals and extensions of authorizations in existence on the effective date of designation constitute authorizations issued after the effective date.

(f) Notwithstanding paragraphs (d) and (e) of this section, in no event may the Director issue a National Marine Sanctuary permit under §§922.48 and

## § 922.133

## 15 CFR Ch. IX (1-1-01 Edition)

922.133 or a Special Use permit under section 310 of the Act authorizing, or otherwise approve: the exploration for, development or production of oil, gas or minerals within the Sanctuary, except for the collection of jade pursuant to paragraph (a)(1) of this section; the discharge of primary-treated sewage within the Sanctuary (except by certification, pursuant to § 922.47, of valid authorizations in existence on January 1, 1993 and issued by other authorities of competent jurisdiction); or the disposal of dredged material within the Sanctuary other than at sites authorized by EPA (in consultation with COE) prior to January 1, 1993. Any purported authorizations issued by other authorities within the Sanctuary shall be invalid.

[60 FR 66877, Dec. 27, 1995, as amended at 61 FR 66917, Dec. 19, 1996; 62 FR 35338, July 1, 1997; 63 FR 15087, Mar. 30, 1998]

### § 922.133 Permit procedures and criteria.

(a) A person may conduct an activity prohibited by § 922.132(a)(1) as it pertains to jade collection in the Sanctuary, § 922.132(a) (2) through (8), and § 922.132(a) (10), if conducted in accordance with the scope, purpose, terms and conditions of a permit issued under this section and 922.48.

(b) Applications for such permits should be addressed to the Director, Office of Ocean and Coastal Resource Management; ATTN: Manager, Monterey Bay National Marine Sanctuary, 299 Foam Street, Suite D, Monterey, CA 93940.

(c) The Director, at his or her discretion, may issue a permit, subject to such terms and conditions as he or she deems appropriate, to conduct an activity prohibited by § 922.132(a)(1) as it pertains to jade collection in the Sanctuary, § 922.132(a) (2) through (8), and § 922.132(a)(10) if the Director finds the activity will have only negligible short-term adverse effects on Sanctuary resources and qualities and will: further research related to Sanctuary resources and qualities; further the educational, natural or historical resource value of the Sanctuary; further salvage or recovery operations in or near the Sanctuary in connection with a recent air or marine casualty; allow

the removal, without the use of pneumatic, mechanical, electrical, hydraulic or explosive tools, of loose jade from the Jade Cove area under § 922.132(a)(1)(iv); assist in managing the Sanctuary; or further salvage or recovery operations in connection with an abandoned shipwreck in the Sanctuary title to which is held by the State of California. In deciding whether to issue a permit, the Director shall consider such factors as: the professional qualifications and financial ability of the applicant as related to the proposed activity; the duration of the activity and the duration of its effects; the appropriateness of the methods and procedures proposed by the applicant for the conduct of the activity; the extent to which the conduct of the activity may diminish or enhance Sanctuary resources and qualities; the cumulative effects of the activity; and the end value of the activity. For jade collection, preference will be given for applications proposing to collect loose pieces of jade for research or educational purposes. In addition, the Director may consider such other factors as he or she deems appropriate.

(d) It shall be a condition of any permit issued that the permit or a copy thereof be displayed on board all vessels or aircraft used in the conduct of the activity.

(e) The Director may, *inter alia*, make it a condition of any permit issued that any data or information obtained under the permit be made available to the public.

(f) The Director may, *inter alia*, make it a condition of any permit issued that a NOAA official be allowed to observe any activity conducted under the permit and/or that the permit holder submit one or more reports on the status, progress or results of any activity authorized by the permit.

[60 FR 66877, Dec. 27, 1995, as amended at 63 FR 15088, Mar. 30, 1998]

### § 922.134 Notification and review.

(a) [Reserved]

(b)(1) NOAA has entered into a Memorandum of Agreement (MOA) with the State of California, EPA and the Association of Monterey Bay Area Governments regarding the Sanctuary regulations relating to water quality
